

HISTORY DEPARTMENT APPLICATION
State University of New York at Buffalo

Directions: To become an official History major, you must complete this form, bring it to the History Department Undergraduate Office along with a current DARS report, receive advisement, and have your application accepted by the Department. The fact that your DARS report shows you as a History major does not mean that you are officially enrolled. The Undergraduate Office is located in 540 Park Hall; phone 645-2181, ext. 540. Call the office to find out when it is open. If you drop off your application at a time that the office is not open, you will have to return for advisement later.
